A. BACKGROUND

Each county correctional facility is required to collect and report inmate admission data to the Commission of Correction. While data collection on inmate admissions is a day-to-day facility process, these data are only reported annually to the Commission.

Inmates admitted to county jails are held on criminal or civil offenses both pretrial and sentenced (inmates are sentenced to county time up to one year).

The process used by county jails and penitentiaries to produce an annual report has changed drastically over the last several years. Annual reports were compiled from admission and discharge ledgers entirely maintained "by hand". While some counties still maintain this manual process, many others have computerized their admission records. Facility automation ranges from use of JMS (Jails Management System) software on a microcomputer to on-line booking through a county mainframe.

C. CAVEAT

The data presented in the following tables are compiled from Annual Reports submitted to the Commission of Correction by Sheriffs, Superintendents and Commissioners from each county, excluding New York City. The Sheriffs' Annual Reports represent self-reported data collected by county jails on a day-to-day basis on all inmate admissions, sentenced admissions and discharges.

Differences exist in recordkeeping practices among these various counties. Therefore, it is not always possible to compare one county against another for every data category. The Commission advises caution when using data to compare one county to another.

The Commission also advises that jail and penitentiary data were combined on the same data tables beginning in 1983. This modification results in significant changes in table format whereas penitentiary data has been separate from jail data 1982 and prior. Therefore, exercise caution when making data comparisons prior to the 1983 compilation.

D. *EXPLANATION OF DATA TABLES*

1) Table 1 - Admissions and Discharges

"Admissions" refers to the reported number of admissions (both sentenced and unsentenced) processed by each county jail or penitentiary, not necessarily the number of individuals incarcerated.

2) Table 2 - Inmates in Custody - December 31, 1987

This table identifies those inmates in custody on December 31, 1987. "Det" refers to detained (unsentenced) individuals on criminal charges. "Sent." refers to sentenced inmates. "Other" refers to civil or federal inmates.

3) Table 3 - Highest, Lowest and Daily Average Population

"High, Low and Average" refers to the highest, the lowest and the daily average population reported by each county jail and penitentiary for the entire year of 1987. It should be noted that the highest and lowest population occur on different dates for different facilities.

4) Table 4 - Reason For Commitment - Total Admissions

"Total Admissions" refers to all admissions, both detained and sentenced. The four major reasons for commitment are: Felonies; Misdemeanors/Violations/Offenses/Infractions (except Traffic Infractions); Traffic Infractions; and Other. (Other offenses include Civil, Coram Nobis, Family Court, Violation of Probation, Violation of Parole, etc.)

5) Table 5 - Reason For Commitment - Sentenced Admissions

Data contained in this table refers only to "Sentenced Admissions". The same categories described in Table 4 apply to Table 5.

6) Table 6 - Felonies - Total Admissions

"Total Felony Admissions" includes unsentenced and sentenced admissions by the following felony offenses: Assault; Auto Larceny; Burglary and Burglary Tools; Dangerous Weapons; Grand Larceny (not auto); First Degree Murder, Second Degree Murder; Narcotics; Rape; Robbery; Sex Offenses (except rape); and All Other Felonies.

7) Table 7 - Felonies - Sentenced Admissions

Data contained in this table refers only to "Sentenced Admissions". The same offenses listed in Table 6 are used in Table 7.

8) Table 8 - Misdemeanors, Offenses, Violations & Infractions (Except Traffic Infractions) - Total Admissions

"Total Admissions by Misdemeanors, Offenses, Violations and Infractions (except Traffic Infractions)" includes unsentenced and sentenced admissions listed by the following offense categories: Assault; Burglary and Burglary Tools; Dangerous Weapons; Disorderly Conduct; Narcotics; Driving While Intoxicated (DWI); Driving While Ability Impaired (DWAI); Petit Larceny; Prostitution and Vice; Sex Offenses; Unlawful Entry; Vagrancy; and All Other Misdemeanors/Offenses/Violations/Infractions (except traffic).

9) Table 9 - Misdemeanors, Offenses, Violations & Infractions - (Except Traffic Infractions) - Sentenced Admissions

Data contained in this table refers only to "Sentenced Admissions". The same offenses listed in Table 8 are used in Table 9.

10) Table 10 - Length of Confinement Other Than Sentenced

"Length of Confinement Other Than Sentenced" includes those admissions not sentenced to the county. Inmates who come into the facility for only a few hours are reported within the 1-2 day category. Length of confinement ranges from 1-2 days to 351 days to one year.

11) Table 11 - Length of Confinement - Sentenced Admissions

"Length of Confinement - Sentenced Admissions" includes all sentenced days served in 1987. The total number of admissions by sentenced days is greater than the number of sentenced admissions received in 1987 because of sentences carried over from the previous year.

12) Table 12 - Ages - Total Admissions

This table contains data on the age of the offender. For your information, an amendment to the Correction Law on August 6, 1984 changed the definition of a minor and adult for county jail inmates. Prior to 1984, a minor was defined as age 16-20 and an adult as age 21 and over. A minor is now defined as 16-18 and an adult as age 19 and over. Caution should be taken when comparing Table 12 and Table 13 to previous years as the age groupings may be different.

13) Table 13 - Ages - Sentenced Admissions

This table refers to "Sentenced Admissions" only and contains the same descriptors as Table 12.

14) Table 14 - Inmate Housing Facilities

"Inmate Housing Facilities" are identified as cells, detention or holding rooms, and dormitory areas (number of beds).

15) Table 15 - Race - Total Admissions

"Race" contains four principal categories of White, Black, Hispanic and Other.

16) Table 16 - Education - Total Admissions

"Education of Inmates" includes inmates with: less than 4 years of schooling; more than 4 years but less than 8 years; 8 years to 12 years but not having graduated from high school; high school graduates; and those who have attended college.
